

Server Information

- Links: [Website](#) – [Facebook](#) – [YouTube](#) – [TeamSpeak3](#)
- All server and organizational communications are in English
- Must have FSX [SP1](#) & [SP2](#) or [Acceleration](#) installed to join. Will NOT work with FSX SE version (FSX Steam Edition).
- Free for public use – membership is not required
- FSX voice for communications – use a headset with a mic
- Host location is changed each Friday at midnight – see [calendar](#)
- Active auto-kicks by server monitoring system:
 - ✓ Spawning AI – repeat offenders are banned
 - ✓ Spawning on host airport runway instead of at a gate or parking
 - ✓ Using a glider or default F-18
 - ✓ Broadcasting all frequencies by pressing Shift + Caps Lock
- Server weather set to real weather. Real-time weather updates were discontinued by Microsoft so we recommend using an add-on software for weather – [FSrealWX lite](#) is a free real-time weather engine
- FSX server reboots every Saturday at 3:00 am for a location change. It's a 2 – 3 minute process max. TS3 server reboots every day at 3:00 am
- For more details read the [FSX Server Rules](#)
